**FROM THE PASTOR'S DESK**

**F**asting is a traditional spiritual practice. It refers to a complete or partial refrain from eating. Catholics fast on Ash Wednesday and Good Friday, though we are encouraged to fast in some form throughout the Lenten season. For the record, no meat on Fridays is abstinence rather than fasting.

Why do we do this? Historically, fasting was an ascetical tool for Christians. A desire to moderate or deny food recognizes the human tendency toward indulgence. Fasting is one of the most tangible ways we can live differently. The incredible food resources available to us can be taken for granted. Most of us have never known true hunger or experienced any real want. Paying close attention to how and what we eat can also make us aware of so many who are hungry.

It is good as well to expand fasting beyond food. There are any number of activities that we need to moderate for our well-being. I think of my niece and nephew who are allowed only a certain amount of "screen-time" each day by their parents. A good idea, but when was the last time we adults limited ourselves this way? Perhaps we can be more like children (like Jesus said we should be) and fast from our devices, too. Enjoy spring in Missouri, read our Lenten book, take a friend for coffee, and find a service opportunity. Fast from life on-line, and embrace actual life.

If you give on-line, please take this card when you enter church. Place in the collection basket when it comes around to show your financial support of College Church.

To sustain the future of the College Church,  
**I submit my offertory online.**

Across the country, there have been several cases of migrants being detained after going for a routine check-in at the Immigration and Customs Enforcement (ICE) offices. Family members are disappearing without being allowed to inform their friends or relatives. In some cities, a successful tool to protect against this threat to due process has been to accompany individuals to these check-ins. Come learn what is involved and if this is something you feel called to do. Learn about volunteer opportunities to accompany migrants to ICE check-ins.

### Take Action: Write to the EPA about West Lake Landfill

If you live in the St. Louis/St. Charles region, you may have heard the news. EPA has rendered its proposed decision on the illegally dumped radioactive waste at the West Lake landfill. The period of solicitation for public comments concerning the proposed decision ends March 22.

#### Here are talking points:

1. For the short and long-term safety of the residents and workers of St. Louis/St. Charles Counties, all of the radioactive materials and what they have contaminated must be removed.
2. What is removed must be stored off-site in a remote location that has been prepared for and certified as a safe repository for radioactive waste.
3. Local residents must be offered a voluntary buy-out at a price that reflects the value of their properties prior to 2010, when the underground fire and the radioactive contaminants were identified.
4. Excavated and non-excavated radioactive materials cannot remain at this site.

Send your comments to [westlakelandfillpubliccomments@epa.gov](mailto:westlakelandfillpubliccomments@epa.gov) or Ben Washburn, Office of Public Affairs, U.S. EPA Region 7, 11201 Renner Blvd., Lenexa, KS 66219. Visit [moenvironment.org](http://moenvironment.org) for more info.

## Caring for Our Common Home: Showing **TODAY** of *Blue Gold*

#### WHEN

**TODAY** Sunday March 18 - movie at noon, discussion at 1:30 pm.

#### WHERE

SFX Ballroom.

The Circle of Creation invites you to view the ninety minute documentary *Blue Gold: World Water Wars*. The film documents the environmental issues behind why we are rapidly losing our fresh water supplies, the politics behind water ownership and distribution that are worsening the situation, and the scenarios of what will happen as water becomes increasingly scarce. The documentary looks at how we are using up water faster than it can be replenished through natural systems – we are mining as much as 15 times more groundwater than is being replenished, at the rate of 30 billion gallons a day. We're also polluting it beyond use, destroying the wetlands that are natural filters, and blocking the rivers that carry nutrients that keep the water healthy and lands fertile. Basically, we're desertifying the planet, and helping to send all our fresh water straight to the ocean via soil erosion, building more and more hardscapes, and cutting down forests. See dates and times above.

## ADULT FAITH FORMATION

### Lenten Rites for those Preparing for Baptism

Our one catechumen at College Church, Shawn Scott, was declared Elect (ready for the sacraments of initiation) by Bishop Rivituso. As we journey through Lent, we pray for Shawn and celebrate the Scrutiny rites with him on the Third, Fourth and Fifth Sundays of Lent. These rites originated in the fourth century to help individuals recognize their need for God's saving action and to help them scrutinize their hearts and lives under the loving guidance of the Holy Spirit. These rites are intended to uncover and heal all that is weak or sinful in the life of the Elect and to bring out and strengthen all that is upright and good. These rites are celebrated at mass so that the whole community may support the Elect in their final preparation for baptism. The rites also serve to remind us that we, too, need God to reveal to us those areas of weakness and sin so that God may heal them through prayer and the sacrament of penance. God will also reveal to us the good work that God has done in us so that we may be evermore grateful..

The Scrutiny rite will be celebrated at the 10:30 mass today. Please pray for Shawn and for all in this community that we may be open to all that God has to show us and may accept God's help to be better disciples.

### CENTERING PRAYER GROUP

We invite those who are interested in joining fellow parishioners in silent reflective prayer while gathered with others. We meet through the Contemplative Outreach of St. Louis and meet the third Sunday of the month. The next meeting is Sunday, March 18 at 9:15 am in Room 14 in the Parish Center. Interested in discovering more? Please join us! For more information, contact Mary Fitzgerald 314-223-0316.

### THE TONY McDONALD MEMORIAL JUST FAITH CAPSTONE PRESENTATION

"The Real Footprint of Social Justice in St. Louis City and County"

Featuring Dr. Bernard Sammons,  
Founder and Chair of Social Justice 4 All  
Tuesday, April 3<sup>rd</sup> from 6:30-8 pm  
Ballroom of St. Francis Xavier College Church

This Capstone Presentation culminates the 2017-18 Just Faith program year at St. Francis Xavier College Church.

The mission of this year's Just Faith program is "taking actions to build community." Dr. Sammons' work to link our vast and diverse community in actions dedicated to social justice reflects that mission. Tony McDonald was himself a long time advocate and facilitator of Just Faith programs and missions in our parish. It is to his spirit and his memory we dedicate this evening.

**GRAB YOUR POPCORN: LENT GOES TO THE MOVIES**

There are many ways to direct our prayer and spiritual life during Lent. A somewhat unconventional aid is cinema. Certain films are excellent resources to deepen the themes of the season. This Lent we will feature two films each week from two well-known cinephiles, our pastor and our provincial Fr. Ron Mercier. Here are their selections for the Third Week of Lent.

Fr. Ron

**Babel (2006)** An award winning film by the Mexican director Alejandro González Iñárritu and starring, among others, Brad Pitt and Cate Blanchett. The film ties together slowly but surely four different narratives of people from Japan to Morocco to Mexico to the United States, focusing on how lives are linked in so many ways and how the 'sin of the world' touches us all. In this time of Lent when we can be so focused internally, this film reminds us that the saving work of Jesus is universal and that part of our call during this holy season is to ask that we may share His mission. **Rated - R**

Fr. Dan

**Groundhog's Day (1999)** Lataere Sunday calls us to rejoice. A perfect time to view a brilliant comedy that reminds us of our resistance to change, and the infinite chances we are given to get it right. Bill Murray at his best stars as smarmy newscaster caught in a time loop. Can he finally overcome his pathological selfishness and learn to care about someone else? Yes, you can laugh during Lent. **Rated - PG**
